Math elective must be one of the following: Math 212, 351, 361 or 411

To compute your major gpa, multiply the quality points for each course by the hours for that course. This gives you the total quality points for one course. Add all the total quality points for each course and divide by the total number of hours for each course.

Minimum overall grade point average must be 2.0 (C)

A = 4.0      A- = 3.7    B+ = 3.3    B = 3.0    B- = 2.7    C+ = 2.3    C = 2.0    C- = 1.7    D+ = 1.3  
D = 1.0

There is no A+ or D- in the Emory College grading system.
