Emory’s doctoral program in Economics provides a highly focused and intense education to a select group of graduate students.
Examine important policy questions with scientific rigor and credibility. Unique research opportunities and proprietary data access with partner institutions.

FOCUS RESEARCH AREAS

MACROECONOMICS
- Help shape monetary policy at national and global levels
- Analyze micro data to understand macro aggregates
- Prominent faculty with close ties to the Federal Reserve Bank of Atlanta

HEALTH/APPLIED MICROECONOMICS
- Faculty expertise in health care markets, health policy, insurance markets, industrial organization, and labor economics
- Collaborations with experts at Rollins School of Public Health and the Centers for Disease Control

ECONOMETRICS
- Rigorous training in quantitative methods
- Learn and apply data-driven, modern approaches to empirical research
- Apply machine learning data analysis to critical issues
