LIVING THROUGH THE DISRUPTION: AI, WORK, EDUCATION, AND WHAT COMES NEXT

Jeff Ruhnow leads AI strategy at Francisco Partners, a global technology investment firm. A former Amazon Principal Architect, he has worked across more than 1,000 real-world AI applications and spent two decades at the forefront of technological change. He is the author of *A Identity* and the forthcoming *Almagest*, exploring how AI is reshaping who we are, how we work, and what we can create.
